

# Geistlich Supported Education and Training 2011

Geistlich Biomaterials is proud to be able to cooperate with some of the most eminent trainers and educators in the field of dental bone and tissue regeneration. Geistlich's expertise in biomaterial technology and hands-on workshops complements the knowledge and expertise in technique of the course leaders to maximise learning from the training provided.

Use the booking information provided to reserve your place at the following course/s and develop your skills. To make the courses a practical learning experience, market leading biomaterials are supplied by the Regeneration Support Team. You can then access our support network following the courses as your partner in the pursuit of clinical excellence.

The courses included in this directory cover:

- **Hard Tissue management**
- **Soft Tissue Management**
- **Extraction Socket management**
- **Perio defect management**
- **Sec 63 Perio**
- **Cadaver courses**

Date	Venue	Course Leader	Topic	Description	CPD	Booking/Contact Details
9 Mar 2011	Leeds	Dr P Nixon	SPR Consultant Training	Surgical techniques, sinus/GBR.		p.j.nixon@leeds.ac.uk
10 Mar 2011	Leicester	Dr C Donegan	Sec 63 Perio	Management of general perio defects using regenerative materials.		conor@duffieldroaddental.com
18 Mar 2011	Cambridge	Dr Ellis	Cambridge Study Day	This course is designed to provide clinicians with the knowledge, skill sets and confidence to perform GBR.		stuartbury@aol.com
1 Apr 2011	Leeds	Dr Hassan Maghaireh	Sinus Course	Part of a 3 day course covering sinus surgery.		education@genixhealth-care.com +44 (0) 845 838 1122
4-5 Apr 2011	Bath	Dr J Schofield	Soft Tissue Course	Understand biologic and aesthetic principles in soft tissue management around implants.	14	www.thedentalimplant-clinic.com +44 (0) 1225 448 400
5-6 Apr 2011	Manchester	Prof. C Ucer	Hard Tissue Management	Multi-System Implantology Certificate Year Course (1 day a month)		ucer@oral-implants.com
8 Apr 2011	Loughborough	Dr C Donegan	Sec 63 Perio	Management of general perio defects using regenerative materials.		conor@duffieldroaddental.com
11 Apr 2011	Preston	Dr J Zurdo	GBR	This course is designed to provide clinicians with the knowledge, skill sets and confidence to perform GBR.		cenquiries@uclan.ac.uk
13 Apr 2011 (10:00am - 1:00pm)	Manchester	Assoc Prof. M Araujo	Geistlich Extraction Socket Management Workshop	The workshop will cover atraumatic tooth extraction, with and without the use of regenerative material.	3	Geistlich Sons Ltd + 44 (0) 1244 347 534 education@geistlich.co.uk
13 Apr 2011 (2:00pm - 5:00pm)	Manchester	Assoc Prof. M Araujo	Geistlich Extraction Socket Management Workshop	The workshop will cover atraumatic tooth extraction, with and without the use of regenerative material.	3	Geistlich Sons Ltd + 44 (0) 1244 347 534 education@geistlich.co.uk
18-19 Apr 2011	Preston	Dr J Zurdo	Geistlich Mucograft Workshop in association with MSc UCLAN	Management of soft tissue recession using new 3D collagen matrix.		Geistlich Sons Ltd + 44 (0) 1244 347 534 education@geistlich.co.uk
19 Apr 2011	Leeds	Dr P Nixon	GBR/Sinus	This course is designed to provide clinicians with the knowledge, skill sets and confidence to perform GBR & Sinus augmentation.		p.j.nixon@leeds.ac.uk

Date	Venue	Course Leader	Topic	Description	CPD	Booking/Contact Details
<b>20 Apr 2011</b>	Birmingham	Dr C Maran	Geistlich Mucograft Workshop	Management of soft tissue recession using new 3D collagen matrix.	3	Geistlich Sons Ltd + 44 (0) 1244 347 534 education@geistlich.co.uk
<b>May 2011 - May 2012</b>	London	Dr R Brookshaw & Dr B McLelland & Dr R Syed	Cade Implant Course	One year training course on placing and restoring implants.	72	Advanced Dental Education sarah@theimplantcourse.co.uk www.advanceddentaleducation.co.uk
<b>12 May 2011</b>	London	Prof. N Donos	Geistlich Mucograft Workshop	Management of soft tissue recession using new 3D collagen matrix.	3	Geistlich Sons Ltd + 44 (0) 1244 347 534 education@geistlich.co.uk
<b>19-21 May 2011</b>	London	Prof. G Zucchelli	Soft tissue plastic surgery in the aesthetic area of the mouth: from the management of gingival recession to the treatment of vertical bony defect	Surgical treatment of single and multiple recession defects. The usage of various biomaterials covering gingival recessions.	17	Seminars 38 + 44 (0) 7738 287 764 www.seminarsthirtyeight.com
<b>25 May 2011</b>	Belfast	Dr C Maran	Geistlich Mucograft Workshop	Management of soft tissue recession using new 3D collagen matrix.	3	Geistlich Sons Ltd + 44 (0) 1244 347 534 education@geistlich.co.uk
<b>26-27 May 2011</b>	Wakefield	Dr R Dyas, Dr J Zurdo & Dr C Donegan	Periodontal Plastic Surgery around Teeth and Implants	Hands-on using animal jaws and models with illustrated manuals and videos, 1st and 2nd stage implant procedures to optimise aesthetics. Microsurgery techniques, creative suturing, aesthetic crown lengthening and the use of a range of biomaterials.	14	RD Surgery +44 (0) 800 88 38 390 info@rdsurgery.co.uk
<b>Applications open Jun 2011 for Jan 2012</b>	London	Dr A Sethi	FGDP Diploma in Implant Dentistry	Two year training course on placing and restoring dental implants.	250	www.fgdp.org.uk dikempen@rcsend.ac.uk
<b>6 Jun 2011</b>	Hertfordshire	Dr D Abdah	Surgical Techniques, Ridge & Extraction Socket Preservation	This two day crash course allows the clinician to gain fundamental knowledge about placing and restoring dental implants.		info@implantmastery.com + 44 (0) 75866 151 83
<b>10-11 Jun 2011</b>	Coventry	Dr M Gamroudes	GBR Basic	This course is designed to provide clinicians with the knowledge, skill sets and confidence to perform GBR.		www.handsonseminars.co.uk
<b>16-17 Jun 2011</b>	Essex	Dr A Moore	Advanced Implantology Course	During the course four live surgery sessions will feature bone augmentation, sinus grafting, immediate placement and immediate loading.		Perioimplant Europe info@implantsuccess.com www.implantsuccess.com
<b>23-25 Jun 2011</b>	Wakefield	Dr R Dyas & Dr M Willings	Ultimate Bone Grafting Course	Three day hands-on course using animal and prosthetic jaws covering: GBR, ridge expansion, harvesting block bone grafts, sinus elevation and grafting and grafting materials.	21	RD Surgery +44 (0) 800 88 38 390 info@rdsurgery.co.uk
<b>25 Jun 2011</b>	Wakefield	Dr R Dyas & Dr M Willings	Sinus Elevation & Grafting	This course will cover patient selection, internal sinus elevation, osteotome technique, lateral window technique using drills and piezosurgery, DASK drill system, bone augmentation materials, simultaneous or delayed implant placement and diagnosis of problems and management	7	RD Surgery +44 (0) 800 88 38 390 info@rdsurgery.co.uk

<b>Date</b>	<b>Venue</b>	<b>Course Leader</b>	<b>Topic</b>	<b>Description</b>	<b>CPD</b>	<b>Booking/Contact Details</b>
<b>07-10 Jul 2011</b>	London	Prof. C Ucer & Dr Koray Feran	Sinus Grafting and Bone Augmentation with Hands-on Cadaver Surgery	This course will cover the aetiology of bone loss, anatomy of maxillary sinus in addition to indications for sinus augmentation, grafting and lift procedures. Aspects relating to regenerative materials usage besides block grafting also form the part of the course.	18	LCIAD Postgraduate + 44(0) 207 224 1488 courses@lciad.co.uk
<b>29 Jun 2011 - 03 Jul 2011 &amp; 25-29 Jul 2011</b>	London & Brazil	Dr N Zaffer	Perio Implant Europe implant course for GDP's	This course will cover how to setup treatment plans and place implants safely, to understand how to construct prostheses to fit your implants and to have a broad knowledge of complex treatments and new trends in implantology.		Perioimplant Europe info@implantsuccess.com www.implantsuccess.com
<b>12-13 Jul 2011</b>	London	Dr M Norton	Astra Cadaver Course			drnorton@northernimplants.com
<b>19-23 Jul 2011</b>	Manchester	Dr C Barclay	GBR	This course is designed to provide clinicians with the knowledge, skill sets and confidence to perform GBR.		victoria.armitage@cmft.nhs.uk
<b>23 Jul 2011</b>	London	Dr R Brookshaw	GBR	This course is designed to provide clinicians with the knowledge, skill sets and confidence to perform GBR.		CADE
<b>25-29 Jul 2011</b>	Brazil	Dr N Zaffer	Advanced Bone Grafting Course	This course covers intra-oral grafts: bone biology and grafting techniques, hands-on surgery, treatment planning and graft complications and how to deal with them.		Perioimplant Europe info@implantsuccess.com www.implantsuccess.com
<b>22 Sep 2011</b>	Mansfield	Dr C Donegan	Sec 63 Perio	Management of general perio defects using regenerative materials.		conor@duffieldroadaddental.com
<b>6 Oct 2011</b>	Lincoln	Dr C Donegan	Sec 63 Perio	Management of general perio defects using regenerative materials.		conor@duffieldroadaddental.com
<b>21-22 Oct 2011 &amp; 28-29 Oct 2011</b>	London	Dr N Zaffer	The Ultimate Periodontology Course for GDPs	This course covers different types of incisions and suturing, understanding and treating common periodontal defects, treating mucogingival defects. Also learn how to harvest an epithelio-connective tissue graft, a connective tissue graft, a double papilla and many other types of treatments. Also learn how to use a range of biomaterials.		Perioimplant Europe info@implantsuccess.com www.implantsuccess.com
<b>10-11 Nov 2011</b>	Wakefield	Dr R Dyas, Dr J Zurdo & Dr C Donegan	Periodontal Plastic Surgery around Teeth and Implants	Hands-on using animal jaws and models with illustrated manuals and videos, 1st and 2nd stage implant procedures to optimise aesthetics. Microsurgery techniques, creative suturing, Aesthetic crown lengthening, pedicle graft techniques and the use of a range of biomaterials.	14	RD Surgery +44 (0) 800 88 38 390 info@rdsurgery.co.uk
